Adrift on the Ark: Our Connection to the Natural World

By Margaret Thompson

Brindle and Glass Publishing, Ltd. Paperback. Book Condition: new. BRAND NEW, Adrift on the Ark: Our Connection to the Natural World, Margaret Thompson, This is a collection of personal essays by Margaret Thompson that offers a straightforward study of the complex relationship between human beings and the natural world. The essays look at a wide range of beings - from spiders to peacocks - and cover issues such as our irrational phobias, our fascination with zoos, and the myths and stories we have created around the other occupants of this earth. And they observe the joy animals bring to us as our pets, caregivers and companions, and our altruistic relationship with them to provide essentials throughout their lifetimes. With lively anecdotes and engaging portraits of the animals who have enriched Margaret's life, these entertaining and personal essays serve a double purpose: as a reminder of our place in the natural order and our intricate connections with animals; and as a warning about how much we stand to lose by ignoring our responsibilities for all life on earth. Meant to inspire and motivate, "Adrift on the Ark" is an enchanting reflection on the beneficial relationship between humans and other animals.
