*****.Before edible classrooms began sprouting in elementary schools, before buzzwords like sustainable agriculture, organic, or veganic came into existence, an exceptional woman named Ellen G. White penned numerous counsels to the Seventh-day Adventist Church and its institutions on the importance of farming, an outdoor life, and manual labor. Though often remembered for other things, Mrs. White was actively engaged in not only farming, but helping those in need to get established on farms. With God's leading, her guiding hand was also deeply involved in the establishment of a model school in Australia-a school that wrapped farming deeply into its highly successful curriculum. A hundred years have now come and gone since her death, yet the writings of this visionary woman continue, when followed, to bring much blessing to those involved. Chapter #1 begins with quotes explaining how-and why-nature is one of the most effective ways to reach human minds for God. In fact, it is even called the key to unlocking God's Word. The last part of Chapter #1 explains why farming is...
