Waterbrook Press (A Division of Random House Inc). Paperback / softback. Book Condition: new. BRAND NEW, The Last Christian, David Gregory, In the future, it's possible to live forever--but at what cost? A.D. 2088. Missionary daughter Abigail Caldwell emerges from the jungle for the first time in her thirty-four years, the sole survivor of a mysterious disease that killed her village. Abby goes to America, only to discover a nation where Christianity has completely died out. A curious message from her grandfather assigns her a surprising mission: re-introduce the Christian faith in America, no matter how insurmountable the odds. But a larger threat looms. The world's leading artificial intelligence industrialist has perfected a technique for downloading the human brain into a silicon form. Brain transplants have begun, and with them comes the potential of eliminating physical death altogether--but at what expense? As Abby navigates a society grown more addicted to stimulating the body than nurturing the soul, she and Creighton Daniels, a historian troubled by his father's unexpected death, become unwitting targets of powerful men who will stop at nothing to further their nefarious goals. Hanging in the balance--the spiritual future of all humanity. In this fast-paced thriller, startling near-future science collides with thought-provoking religious themes to create a spell-binding "what-if?" novel.
