Reviews

This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Biblioscholar Okt 2012, 2012. Taschenbuch. Book Condition: Neu. 246x189x6 mm. This item is printed on demand - Print on Demand Neuware - Mentoring is the new buzzword and the politically correct practice in today's civilian and military workplaces. When implemented correctly and fairly, mentoring serves a useful purpose. However, senior Air Force leadership has fostered an atmosphere where mentoring in the officer corps has been corrupted to nothing more than outright sponsorship, and in some cases, cronyism. This backslide to the good old boy system is, at the very least, causing morale problems among the officers, and at times, is allowing Air Force leadership positions to be filled with people who are not necessarily the most qualified, but instead are the most well-connected. 94 pp. Englisch.
