This item is printed on demand - Print on Demand Neuware - Scientific Essay from the year 2010 in the subject Business economics - Personnel and Organisation, grade: A, Atlantic International University (School of Social and Human Studies), course: Masters In Human Resources Management, language: English, abstract: The two essays look at how people relate to their social, political, and their surroundings. The gist of these two essays is that people must be more aware of themselves and the systems that they live in such as the religious, political, social and economic ones. People must be aware of their biological selves. The essence of self-introspection on individual and social levels have been touched on. Human beings must be more aware of themselves and how best they can fit into wider society and their environment. This also calls for the need to undergo transformation in order to sustain themselves and to live sustainably. The issue of the natural environment has been discussed as well. Human race must assist is creating a sustainable environment. They must no only be aware of their current scenario, but also focus on the future of mankind. 32 pp. Englisch.
