Springer, Netherlands, 2011. Paperback. Book Condition: New. 234 x 156 mm. Language: English . Brand New Book ***** Print on Demand *****.This paper is written in the belief that people are important and that equipment is to serve the needs of the people and therefore should be designed to meet their specific needs and environment. This is particularly important in the case of a developing country when a professional engineer accepts the responsibility to formulate policies evaluate equipment imple- ment projects and train national people. 1. Government, geography and climate Papua New Guinea, an independent and self governing state since 1975, is located directly North of Australia above the North Eastern State of Queensland. The country extends from 141 east longitude, at the border with Indonesia (Irian Jaya) to 160 east longitude and between latitudes 1 and 12 south (see figure 1). Papua New Guinea is a parliamentary democracy, with a single legis- lature known as the National Parliament (1). The State is divided into 19 provinces plus the National Capital District (Port Moresby) with de- centralized Government established in each province. Before independence the country comprised the Australian territory of Papua in the southern regions and the United Nations...
