Createspace, United States, 2012. Paperback. Book Condition: New. 198 x 129 mm. Language: English . Brand New Book ***** Print on Demand *****.Are you tired of the yelling, the anger, the confusion in America s political system today? Are you angry at the anger? If you are, you need to read this book today! It s short and to the point; but more important, it is just as the title says: a Practical Guide to Being a Good American. This book should become the Anthem for the 80 of Americans who are in the middle. As the author says, If you take away the 10 on the extreme left, and the 10 on the extreme right, you are left with 80 of Americans who want a quieter, saner dialogue about our many problems, so that we can actually begin fixing them now. This book is easy reading, written in an everyday speaking style that makes it accessible to everyone. No concepts in the book are over anyone s head. These are, as the title implies, practical ways of looking at our nation s issues. The author doesn t attempt to offer solutions. He s not an expert. He is one of us, just another American citizen who is frustrated by the shouting, red faces that lead us farther and farther away from each other, rather than uniting us to solve our many problems. If you are a rabid right-winger, or extreme lefty, don t read this book; but if you consider yourself to be a calmer person who is looking for direction, Anthem is your doorway! The author encourages you to read it, think and seek out answers for yourself. If you don t agree with everything, that s fine! That s America! We aren t supposed to agree on...
